## Chapter 135: Priestess of the Sky

### Remarks

In his youth, he learned Ice Make Magic with fellow student Gray under the tutelage of Ur. He was defeated by Gray in a battle to determine the fate of Ur's mortal enemy, De-liora. After that, he entered the guild Lamia Scale. While Gray uses his Ice Make to create inanimate objects like weapons, Lyon's specialty is making animated ice creatures. In the past, he would disregard Ur's teaching and use one-handed Ice Make, but later relearned two-handed Ice Make and has since progressed rapidly. He quickly rose to the level of guild ace and, accordingly, takes high-level jobs.

## Chapter 136: Coffin

### Remarks

She holds a grudge against Deliora, who murdered both her parents when she was very young. At one point, she left Lamia Scale to follow Lyon in an attempt to take down the demon. After that, she returned to Lamia Scale and started to take on jobs in earnest. Her magic is Doll Attack Magic, with which she can manipulate anything non-human: trees, rocks, even Celestial Spirits. She claims that when she turned seventeen, she gave herself something of an attitude makeover.

That makes sense...  
With him, we will  
have pretty much

## Remarks

Jura is considered the ace of the Lamia Scale guild and one of the ten wizard saints (those judged to be the ten best wizards on the continent). He is extremely powerful in Earth-type Magics; because he can take the softest sand and change it into iron-hard rock, he has been given the name Iron Rock Jura. He loves his guild and looks after its members, including Lyon and Sherry. Once while snacking on green peas as a child, he accidentally popped a green caterpillar into his mouth and can no longer stomach green peas.

The black sheep of Blue Pegasus, a guild famous for gathering beautiful men and women. His magic puts out odors that create all kinds of effects, and he keeps these perfumes in flasks that he carries with him. ## Remarks

A long-time top-ranker in the Weekly Sorcerer's poll of "Wizards You Wish Were Your Boyfriend." They say that many female wizards bewitched by his looks try to join Blue Pegasus.

Archive magic lets information be compressed and sent to a recipient. He can also organize information and oversee battles. He has no steady girlfriend, but there are always rumors flying about who he's seeing. A legend states that he has dated 18 women at the same time (the truth is unconfirmed).

## Remarks

An Air Magic wizard working at the Blue Pegasus guild. Air Magic allows one to send waves of air, steal the oxygen out of the air around one's opponent, and more. It's pretty difficult magic to face.

He placed tanning lacrima in the guild's training gym and sauna, so his perfect tan is due to the guild's support and lacrima crystals.

A Tanning Lacrima is a magic item meant to give artificial sun tans. By adjusting the lacrima's memory, you can tan to any shade you want in five minutes. The dial can be set to some mysterious number like 61, 63, or 65. Ren's is set to 61 - 61.5.

It's because emotions like guilt are negative feelings. If I hadn't put her out, she might have fallen into the darkness.

You really are an idiot!

What'll we do?! I don't get this!

So that's why you made Wendy unconscious...

If that rage was for the sake of someone else, then I couldn't say conclusively that it's a negative feeling.

I can't say...

Wait a second!! Wouldn't "rage" be the same? Then Natsu would be in danger, right??!

When people start thinking in terms of good and evil, it brings on negative feelings without even intending it.

That's why I couldn't tell anyone about the magic.

...those whose hearts are moved by justice, or by evil, will find their personalities reversed.

In other words, when the seal was broken on Nirvana...

Nirvana  
takes these  
thoughts  
and judges  
them.

Why  
does this  
always  
happen to  
me...?!

Who's to  
blame for  
putting me  
through  
this?

If only

That  
can be easily  
accomplished  
with Nirvana.

...members of  
the guild might  
unscrupulously  
kill their  
comrades  
...  
...or  
the guild  
might attack  
another for  
no reason.

wiped out!

we stop it  
quickly...

## Chapter 143: Celestial Spirit Brawl

### Remarks

The magic of this recent arrival to the Blue Pegasus guild is powerful enough to turn everything visible into a winter wonderland in an instant. His attacks use "snow rocks" and cause avalanches. Before joining the guild, he interned with the Magic Council's enforcement and investigation squad, the Rune Knights. But when the Council was disbanded in disgrace, Eve realized that he needed a new future and decided to enter a guild.

# Afterword

“You look like a criminal in your picture for Volume 16!!” is how everyone around me criticized the picture. So this time, you get my regular face... or so I thought, but I can’t seem to get a good picture! For some reason, I seem to be in the habit of scowling whenever a picture is taken. Since what seems like forever, people have said that I’ve got an evil look in my eyes, and when a picture is being taken, it only seems to get worse. So how does a person come up with a natural-looking smile? It’s hard!

On a different subject, here in Volume 17, I did it again. An earth-shaking twist!! Jellal’s back...!! Yeah, sorry about that. I just wasn’t thinking ahead. (laughs) ..... but when I say things like, “I just wasn’t thinking ahead,” I get letters from fans telling me that when I say such things, it makes them uneasy. I guess so... I guess any fan would feel uneasy when the author of a work they love is an airheaded idiot. I know I say, “I wasn’t thinking ahead,” or, “I don’t know myself what’s coming up in the future,” but to be a stickler with words, what I really mean is, **“I haven’t quite decided which future to choose.”** That would be closer to the reality of the situation. With every new plot twist, it presents a number of different possibilities for the story to run. For example, with Jellal back in the picture, I have come up with three different ways that the big picture can play out. I also have come up with quite a few different ways the story will flow until it gets to those three conclusions. This is how I usually work, imagining a wide variety of possibilities. So please, don’t worry. I’m busy every day, worrying over the best way to create a fun, engaging manga that will meet everybody’s expectations. Well... There are still times when my mind is a complete blank, but you know how it is.

: We're here in the "Emergency Request! Explain the Mysteries of Fairy Tail!" corner!!  
 : I've thought this a bunch of times before, but we actually don't explain all that many mysteries here.

**Lucy:** Don't say that out loud!!

**Mira:** Here's the first question for this time.

Why is Happy's stomach in Volume 16 blue instead of white?

VOL.  
10

VOL.  
16

: Th-That's just a mistake, right? And this isn't so much a question as pointing out the mistake.

**Mira:** There!! We've explained a mystery! Ding, ding!

**Lucy:** .....

**Mira:** Continuing on, this is the next question.

Has Elfman now learned to do Satan Soul?

Continued from the left-hand page.

**Mira:** Time for the next question.

Most of the names of guilds so far have used the names of mythical beasts, but what's the meaning of Oración Seis?

**Lucy:** If you want a literal translation:

Oración = Prayer

Seis = Six

That's what the words mean.

**Mira:** So the meaning of the name is, "Six Prayers"?

**Lucy:** There's no mythical beast name in that guild though, huh?

**Mira:** Oh? .... Sure there is!

Like Cobra, for example.

: That isn't the name of a guild! And it isn't a mythical beast either!!!

: We've explained a mystery! Ding, ding!

**Lucy:** A-And...the final question.

Please tell me who Lucy is in love with.

**Mira:** I'd like to know, myself.

**Lucy:** There's nobody with that distinction.

: We've explained a mystery! Ding, ding!

: What? There's so little interest?! But, wait! What's that "Ding, ding," thing you do every time?!

**Mira:** Ah? Whatever are you talking about?

: I can't understand why you'd play dumb about that...

**Mira:** Eh heh heh! Well, for example, even if it's something of a dubious answer, if I say that at the end, it sounds like the mystery's been explained, right?

**Lucy:** Just some psychological trick?

: We've explained a mystery! Brinnng!

: Suddenly it changes!!!

# Translation Notes:

## Page 6, All's fair in money and war

Hoteye has an obsession with money, and as such, he tends to confuse classic proverbs by adding the word money in place of the original word. In Japanese, he took the proverb, *Koi ni jouge no hetate-nashi* ("Love doesn't recognize any higher or lower ranks") and changed the word for love, *koi*, to money, *okane*, to make his new proverb. This translation took an English proverb that also involved love (and the general idea) and substituted in "money."

## Page 24, Priestess receiving the words of the Gods

In Japanese they were referring to the *miko* of ancient Japan who, unlike their modern counterparts, were the main priestesses of the Shinto religion. The first *miko* recorded is the Empress Himiko of the third-century Japanese country of Yamatai described in a small section of the Chinese epic, Romance of the Three Kingdoms.

## Page 119, I'm taking you with me!

What he said in Japanese was a phrase (*ichinin-issatsu* or "One Man, One Kill") that is one of the slogans for the radical, ultra-nationalist right-wing extreme of Japanese politics. The movement espouses some violent ideals such as dying in order to kill someone else (*ichinin-issatsu*), and killing one for the good of many, (*issatsu-tashō*). On a lighter note, Japanese baseball has taken this same term of *ichinin-issatsu* to describe a relief pitcher who is called in to face one and only one batter before the next relief pitcher is brought in.

## Page 183, There it comes

In Japanese, Lucy used the now-famous Japanese phrase *Kitaaaa!* to describe the scene with Scorpio. The phrase which literally means "He/She/It is here!" was popularized by the novel-cum-entertainment phenomenon *Densha Otoko* (Trainman). Although the Trainman fad has come and gone, the phrase still survives. I can't say I'm exactly sure just what Lucy is referring to. It could be the hand gestures which resemble the hand gestures of some good-looking Japanese male pop idols and celebrities. Or it could be the "boyfriend" himself.

# TOMARE!

You're going the wrong way!

Manga is a completely different type of reading experience.

To start at the *beginning*,  
go to the *end*!

That's right! Authentic manga is read the traditional Japanese way—from right to left, exactly the *opposite* of how American books are read. It's easy to follow: Just go to the other end of the book and read each page—and each panel—from right side to left side, starting at the top right. Now you're experiencing manga as it was meant to be!
